# BRIDGESTONE OFF-THE-ROAD TIRES

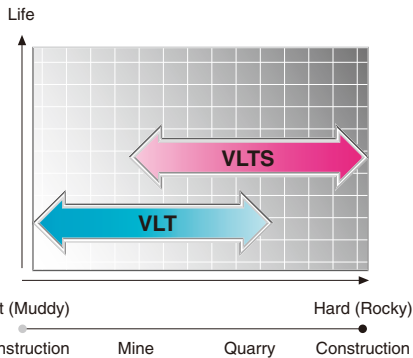

## VLTS V-steel L-Traction S

**VLTS (V-steel L-Traction S) off-the-road radial tires are specially developed for articulated dump trucks operating on rocky or gravel in mining yards, quarries and large-scale civil-engineering/ construction sites.**

### Main features

- Deep-tread design assures extra-long tread life, powerful traction and superior cut resistance.
- Low vibration ensures better riding comfort.
